

SCENIC VISTA DISC GOLF COURSE

The Columbiana County Park District's Scenic Vista Disc Golf Course is located three miles outside Lisbon. Opened in 2018, the 18-hole course is set in the moderately hilly, moderately wooded Scenic Vista Park.

The course tests the skill and stamina of all players by providing a constant challenge. Some holes require "boomer shots," while others call on the golfer to navigate between trees and shrubs. Par for all three levels is 64 for 18 holes.

There are three sets of tee pads (with the intermediate being concrete; the others are mulch), and the course length ranges from 5,500 feet for beginners to 8,421 feet for advanced players.

The course is managed by the Park District and no fee is charged to use it. The course was designed by disc golf professional J. Gary Dropcho and our own Jason Reynolds, who is a member of the park board of directors.

The first tournament – the Scenic Vista Challenge – was held in 2019. Other tournaments are planned.

Disc golf is one of the world's fastest growing sports. Today there are more than 2 million regular disc golfers in the U.S., and the number continues to increase. The sport is now played in more than 40 countries.

In disc golf, players compete by throwing a disc from a tee toward an elevated basket, usually at least 200 feet away. Players seek to finish a hole with the lowest number of total throws.

Players can use a variety of disc, including "drivers, midrange and putters." Discs have different weights and flight patterns, and can also come in a variety of plastics. A starter set of three retails for about \$20.

So come out and try your hand! There are several hotels/motels in the Lisbon area as well as a fine choice of restaurants and two micro-breweries (one beer, one mead).

Scenic Vista Disc Golf Course is ready! Come see for yourself!
